

# Papers?

## What's the difference?

A pedigree is essentially a birth certificate for your dog showing the 3 generation family tree and also proves that your dog is in fact a purebred.

**The Australian National Kennel Council Ltd (ANKC) is the only internationally recognised registry able to issue certified pedigrees for purebred dogs.**

**All ANKC breeders must abide the Code of Ethics outlined on the ANKC website**

The ANKC issues 2 types of registration, pictured and each puppy bought from an ANKC breeder will come with its own pedigree. ANKC Certified pedigrees are also recognised pedigrees with the state government and local councils

All other registries such the MDBA, ABR, Australian Canine registry, ICBS etc are NOT affiliated with the ANKC and CANNOT issue Certified Pedigrees.

**If you have doubts a breeder is registered contact your ANKC State office to confirm**
